

# **Membership & Professional Standards Committee Report to the Board of Directors**

*June 24-25, 2013*

*Kenneth Andreoni, MD, Chair  
Alan Reed, MD, Vice Chair*

# Ongoing Committee Initiatives

- Modified flagging methodology
  - Analyzing flagging methodologies for lower than expected outcomes
  - **December 2012** – MPSC agreed to re-evaluate modified flagging thresholds based on changes to PSR models
  - **April 2013** – MPSC considered comparison analysis results and different flagging thresholds

# Committee Reminder Regarding OPTN Policy 5.10

- Donor Vessel Usage
  - OPTN Policy 5.10 requires that recovered donor vessels be used ONLY for the implantation or modification of a solid organ transplant.
