

OPTN/UNOS Living Donor Committee

Report to the Board of Directors

Christie Thomas, MB, FRCP, FASN, FAHA - Chair

Sandra Taler, MD - Vice Chair

St. Louis, MO

November 13, 2012

Living Donor Committee

- Develops policy and guidance related to the donation and transplantation of organs from living donors to recipients.
- Improve the informed choice of prospective living donors, and the safety, protection and follow-up of all living donors.

Current Activities

- Committee members are participating on a Joint Societies Work Group which will provide policy recommendations for living liver donor consent, medical evaluation and follow-up policy development.
- The Committee will propose new policy requirements for independent donor advocates during the spring 2013 public comment period.
- The Committee is assisting the SRTR to determine which living donor program metrics should be included in program specific reports.
