

# Resolution

RESOLVED, that the document titled, “Guidance for Donor and Recipient Information Sharing” is hereby approved and shall be disseminated to the transplant community and to OPTN/UNOS members as part of a Toolkit containing the following:

1. Sample language for information sharing.
2. Sample language for the OPO-Transplant Center MOA addressing confidentiality of donor and recipient information shared as part of coordinating the donation and transplant including recipient outcome information.
3. Sample form for routine recipient outcome information exchange.

4. Sample transplant center policies for screening initial contact letters.
  
5. Standard list of “Need to Know” staff at the transplant center.
  
6. Optimal practices for maintaining confidentiality of donor information.

7. Sample HIPAA authorization form for living donation.
  
8. Written guidance explaining benefits and considerations of contact between deceased donor families and recipients/recipient families.
