

UNITED NETWORK FOR ORGAN SHARING

**Region 5
Educational Collaborative
Wednesday, February 6, 2019
9:00 a.m. – 4:45 p.m.**

A “collaborative” is an effort, on the part of multiple organizations, to come together with faculty to learn about and to create improved processes in a specific topic area. The expectation is that teams share expertise and data with each other; thus, everyone *learns, everyone teaches.*
